PLAYING THE LONG GAME

[A Road Map To End Aging](#)

Dr. de Grey explains why regenerative medicine and related research are set to postpone the ill-health of old age so comprehensively that no exponentially-increasing causes of death will remain, so longevity will become unbounded.

**Dr. Aubrey de Grey**

**10:00 - 10:40**

MULTI-DISCIPLINARY PANEL ON  
UNBOUNDED LONGEVITY

Exponential increases in lifespan are expected to take place in the coming decades, and with them come demographic, cultural and ethical challenges for societies, which need to be identified now to deal with a new type of population time bomb. Does defeating ageing result in the ultimate disruptor to our industry? Our panellists will debate the consequences for the industry.

**Stuart Shipperlee**, Partner, Litmus  
Analysis

**Dr. Reinhardt Schink**, Head of Market  
Management, Allianz Global Benefits
